One thing is a puzzlin' me. What's a statement, I along with a lot o' other folks was under th' impression that all th' fellows elected to th' constitutional convention were statesmen, but blamed if I can see how a chap who'll try to graft a cigarette clause into a document like a state constitution can have any claim on an statesmanship no more'n I can upon how th' wigglin' o' pig tails can effect th' weather. Queer things in this old world ain't there! Here's the for tomorrow:
Ohio—Fair and colder tonight, except snow flurries near the lake; Saturday fair except moderate to brisk northwest winds.

KIDNEY REMEDY THAT
ACTS LIKE MAGIC

I have been a terrible sufferer for a number of years with kidney and liver trouble, also nervous prostration and health generally poor, constitution entirely run down until life became a burden. I tried physicians and every available remedy but found no relief. Was induced to give Dr. Kilmer's Swamp-Root a trial, which acted like magic, and am happy to say that I believe I am entirely cured and now as healthy a man as ever.

I have it my duty to make this public statement that I truly help others who may be suffering from the same trouble. Swamp-Root is without question the greatest remedy in the world. Anyone in doubt of this statement or the authenticity can address me as below.

Yours very truly,

M. H. McCoy,
Van Wert, Ohio,
State of Ohio, Van Wert County, ss.
The foregoing statement sworn to before me and subscribed in my presence this 18th day of July, 1909, by the said M. H. McCoy.

CAPT. EVANS
TALKS

"There is no way of telling just now whether the liberal element or the dry leaders will have their way in the constitutional convention," said Capt. N. W. Evans to the Times Friday.

"You see eight members of the committee are dry, eight are wet, and five are on the fence. Both sides are trying to win over three of the 'fence birds.'"

"I have been placed on three important committees, initiative and referendum, submission and address to the people and county and township organization," continued Capt. Evans, who returned from Columbus Thursday evening.

He will go back Monday as the convention will hold its first night session Monday night. Meetings throughout the session will be held on this night as many of the delegates fail to reach the Capital City before Monday noon.

"I have introduced my model convention booklet and it was referred to a committee as a whole. On next Tuesday I will have it submitted in sections."

"Do you expect to have it adopted?" was asked of the captain today and he replied most emphatically, "yes."

"You see it has been personally endorsed by many of the members and I really believe that it will eventually be adopted."

"What do you think of E. W. Doty as one of the leaders?" was another question put to the Captain.

"Well, candidly, I think he will talk the convention to death. I was with the minority and of course I am not looking for any favors."

"I am in favor of the legislature handling the liquor and taxation laws and will be immutably opposed to any effort to incorporate anything in reference to these two great subjects in the constitution. They are legislative matters exclusively. The constitution should not contain a word about the liquor laws or the taxation laws of Ohio. I will be opposed to the adoption of any rules. I shall have something interesting to say when the judiciary and judicial system are taken up."

The Peevish Child
Needs a Laxative

It is natural for a child to laugh and play and when it walks downy all cries you may depend on it something physical is the matter. If you see no evidence of a serious ailment you will not be wrong if you quietly give it a dose of mild laxative that evening or putting it to bed.

The remedy most generally recommended for this purpose is Dr. Caldwell's Syrup Pepsin, which mothers throughout the country have been giving their children for a quarter of a century. Today thousands of families are using it where hundreds used it then. It is admittedly the perfect laxative for children, women, old people and all others who need a gentle bowel stimulant and not a violent salt cathartic pill or doctored water. Dr. Caldwell's Syrup Pepsin will act gently, and when taken before retiring will bring complete satisfaction in the morning. After a short use of this remedy all forms of outside aid can be dispensed with and nature will again act alone.

All classes of good American people keep it in the home for life of the stomach, liver and bowels, and among the thousands who have written the doctor that they will never be without it are Mrs. G. W. Evans, Madison, Ohio, and Mrs. J. R. Clark, 249 Clark Ave., Cleveland, Ohio. A dose of it has saved many a person from a serious illness.

Anyone wishing to make a trial of this remedy before buying it is the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

"A few days after birth we noticed an inflammation on our baby's hip which soon became spreading and he was completely covered with it. For eight weeks he was bandaged from head to foot. He could not have a stitch of clothing on. Our regular physician pronounced it eczema. He had been putting one application after another on him. On removing the scale from his hip the hair came off, and left him with a raw, bleeding sore. He had been using Cuticura Soap and Ointment for as much as four weeks after we began to use the Cuticura Soap and Ointment he was cured. I don't believe anyone could have cured worse than our baby."

"Before we used the Cuticura Remedy we could hardly lift him, he was such a pitiful sight. He would fuss until I would soothe him, they seemed to relieve him so much. Cuticura Soap and Ointment saved him. He is now the healthiest and happiest of babies." (Signed) Mrs. T. B. Rogers, Mill Hall, Pa., Feb. 20, '11.

John Rogers, a showworker, is a stickler for comfort, and so when the change came to warmer weather Thursday, he resorted to an old straw hat, and running the gauntlet of fellow boarders at the Biggs wore it to work.

AGENT, NOT MR. ZEIGLER

Recent articles regarding a suit in "Squire Shakespeare's" court to recover back rent, and which involved an old straw bed tick appear to have done Mr. E. J. Zeigler an injustice. Mr. Zeigler did not bring or authorize the suit and knew absolutely nothing of it and did not approve of the same after leaving of it. A man he had appointed almost a year ago to act as his agent while he himself was ill, brought the suit in his name without his knowledge.

Mr. Zeigler has always been and is now ready and willing to help deserving poor.

Woman Uses Knife On Relative In A Fight

Family differences led to a fight in which knives were used at the home of John Jones, a foundryman of Fourteenth street, Thursday evening.

Mrs. Jones was slashed across a finger of her right hand by a knife in the hands of her sister-in-law, Miss Eva Jones, who was arrested with her father, Louis Jones, an aged junk man, as aggressors in the affray.

The knife wielder was the most defiant woman that has yet appeared before the new mayor. Throughout the hearing of the case she looked daggers at her sister-in-law and prosecuting witnesses, Mrs. Lulu Jones. When later sentence was passed she passionately declared she would do worse than that once she got out again, which brought from the mayor the rejoinder, "And you'll get worse for it, too!"

According to the complainant, she and her husband get along nicely when to themselves. The Jones family live on Sixteenth street, but sometimes the old man stays in two little rooms located at the end of the porch of his son's home. The landlord has forbidden him to cast any of his junk on the premises, however.

On Thursday evening he showed up in a drunken condition, and when the daughter-in-law upbraided him for scattering rubbish about the yard he flew into a rage. He went to his home and told the others.

Within a short time the whole tribe came charging down upon the daughter-in-law's home. Her husband was away at the time, and at the sight of the attacking party she began screaming for help. She was standing in the kitchen doorway, when Eva came rushing up. She ordered the girl off the porch, but the next instant Eva slashed her with the knife, and then ran away, she claimed.

By this time the neighborhood was in an uproar and police ended the hostilities.

Jones stubbornly refused to go into any details when questioned about the affair, and even less was wrested from the daughter, who, amused spectators present by her poses while before the bar. They were fined \$10 and costs each and ordered immediately transferred to the county jail if unable to pay.

Jones' wife also appeared, but was not called upon to testify, she having merely acted the role of peacemaker, but after court became involved in a dispute with her daughter-in-law in the front office and both had to be called down. The Jones family came here from Maysville about nine months ago.

Fines Paid By Several.

Paul Smith, a cigarmaker, was fined \$1.50 for drunkenness and paid out. Others ordered released were: Henry Kuntz, Will Smith, Will King, Martin Farrell, all drunks, and Annie Coffee and Viola Wallace, loiterers, all having paid their fines.

Has Not Paid For His Board.

A. S. Fowler was arrested by Captain Walker at the Harrison-Walker brick plant, where he was working Thursday night, on a charge of having defrauded the Biggs House of a \$19 board bill.

The charge against Fowler was preferred by Mrs. Catherine Tippeck, wife of Landlord Dave Tippeck, who is very ill. Col. Jack M. Morrow has also presented a claim against Fowler for room and board for a number of days, and it develops the fellow's antics.

HEADACHE AND SOUR STOMACH CAUSED BY SLUGGISH BOWELS

Take a Cascaret now; don't wait until bedtime. In all the world there is no remedy like this. A pleasant box means health, happiness and a clear head for months. No more days of gloom and distress if you will take a Cascaret now and then. Don't forget the children—their little insides need a good, gentle, cleansing, too.

CHICK HATCHED BY PIGEON

Willis Thompson has always been regarded as a truthful man, and any doubting Thomases who would class him as a nature faker are invited to see for themselves.

Willis has a young chick that was hatched out by a pigeon. One of Willis' hens had laid an egg in the pigeon roost that adjoins his chicken coop. Day after day Willis kept close watch on that pigeon and egg, and was rewarded Tuesday when one lone little chick was found in the nest.

REVIVAL IS SUCCESS

The evangelistic services at the German Methodist church, continue to draw in interest. Thursday night, Rev. Hughes, pastor of Bigelow Methodist church, delivered a very forceful sermon, choosing for his subject "Today, if ye shall hear his voice, harden not your hearts," which was attentively listened to by the large crowd present. There have been several conversions to date and Rev. Hanning, who has the services in charge, is sanguine that the church will be wonderfully strengthened by the revival effort.

Henry Frowine, proprietor of the "Play House," left Friday morning for Cincinnati on business.

RESTORE GRAY HAIR TO NATURAL COLOR

By Common Garden Sage, a Simple Remedy for Dandruff, Falling, Faded, Gray Hair

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. This tea made their hair soft and glossy, and gradually restored the natural color.

One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days, on account of soiling quickly. This objection has been overcome, and by asking almost any druggist demand for Woods' Sage and Sulphur Hair Remedy the public can get a superior preparation of sage, with the advantage of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair, but will also stop the hair from falling out and make it grow.

Get a bottle from your druggist today. Use it and see for yourself how quickly the hair grows and gray hairs vanish.

This preparation is offered to the public at five cents a bottle, and is a guaranteed and safe hair dressing.

Myrtle Miller-Hinkle entertaining a male friend, he claims.

Mrs. Hinkle at first refused to unlock the door of her room parlaying for several minutes. When Hinkle was admitted she suggested that they go downstairs but Hinkle was not to be hoodwinked that easy. Peering under the bed he discovered the form of a man.

The next instant he dragged out a young mill worker and fellow boarded. A stormy scene followed during which Hinkle struck the despoiler of his home and threatened to shoot him. The wife interfered. She is said to have rather shielded the man she had been entertaining by threatening to get busy herself if there was any shooting to be done.

While the pair were busy scrapping the young millman escaped and has since made himself scarce about the hotel.

The escapee created a decided sensation in the neighborhood but many of the details were suppressed through the wronged husband's haste in forgiving his wife. They kissed and made up Friday morning, after she had taken a car ride and pretended to leave him.

The woman in the case figured in a sensation once before. A few years ago she and her husband were estranged, they claimed to meet in the hills north of Greenlawn cemetery and she was shot in the thigh by her husband. Both at the time maintained the shooting was accidental, saying they had made up and were romping around when the pistol fell out of Hinkle's pocket. Mrs. Hinkle was seriously wounded and was bedfast at Housstead hospital for quite a while.

Prowler

Some excitement was created at the Washington hotel late on Thursday night when dining room girls discovered a man prowling about their dormitory.

An alarm was quickly telephoned to the hotel office and Clerk Adolph Miller responded. Armed with a gun he made a hurried search through hallways only to find the prowler had escaped through a window on the Market street side and down the fire escape. One of the young women had still been up doing some needle work when she caught sight of a negro. She demanded to know what he wanted and he took to his heels. It is thought the negro was on robbery bent.

About the only excitement that occurred in the East End Thursday was when a team of mules belonging to John Sheppard, a Market street drayman, ran away.

The mules while standing in front of the N. & W. freight depot, took fright at a passing engine. They ran down Gallia street, but were stopped before serious damage was done. The tongue of the wagon was broken and Mr. Sheppard estimates his damage at the amount of \$5.00.

Stage Beauty Tells Secrets of Youth

(Theater Review in The Arch.)

"I have often wondered at Jane Clayton's youthful beauty. In a burst of confidence she told me her complexion was due to a lotion which she makes by dissolving a small original package of mayonaise in a half-pint of witch hazel. Massaging with this has kept her skin clear and eating and preserves its girlish bloom.

"Her long, wavy and lustrous locks are due to dry shampooing. She says she never has time to wash her head and would not if she could, because wet shampoo makes her hair dull and lifeless. A dry shampoo leaves the hair soft and fluffy.

"To make the dry shampoo, she puts a cupful of corn meal in a fruit jar and mixes it with the contents of a small original package of throat. It brushes out easily and takes all dirt with it.

"With a jar of Mother's Salve to cure sore throat and colds and prevent catarrh, this actress turns forty-eight weeks in the year, always looks the pink of perfection, and sings at every performance."

Got Jolt On Jaw

A strange negro, who conducted himself as though he were a second brother to Jack Johnson, got "his" on East Eleventh street, where he imagined he was cock of the walk, Thursday. He filled up on fighting booze and dared any one to knock a chip off his shoulder. It was knocked off by a man built the stranger's weight and while the latter was squaring off, he received a blow on the jaw that sent him sprawling to the icy sidewalk. He picked himself up and without saying goodbye, made a bee line for the N. & W. depot where he purchased a ticket for Columbus.

Visiting Relatives.

John Finch, an old Portsmouth boy, who for the past five years has been employed with Spellacy Bros., just west of Columbus, is here on a visit to his mother, Mrs. Mary E. Finch, and sister, Miss Essie A. Finch, of East Tenth street.

WANTS BIBLE OUT OF THE SCHOOLS

Columbus, O., Jan. 19.—Many of the proposals submitted to the constitutional convention Thursday, were radical in the extreme. There was a special reason for this. The authors do not expect to get what they ask for, and for this reason made the provisions of their measures drastic so that in the compromise which will come they will get something near what they want. Some of these radical measures are as follows: Delegate Hahn, of Cleveland, holds the record as a submitter of proposals, having fifteen to his credit, which were dropped in Thursday. One of these seeks to prohibit the reading of the Bible, the singing of religious songs and prayer in the public schools.

The most important of the proposals submitted Thursday provide for revocation of the governor's veto power; that three-fourths of a jury may render a verdict in either a civil or criminal case; that the tax rate be limited to one and one-half percent; that divorce be abolished; that there shall be no double taxation, except on mortgages and bonds or corporation assets; that the supreme court shall report all decisions; that the terms of county officials be made four years and that they be limited to one term; that child labor be prohibited and that a short workday be provided for women; that legislators be prohibited from holding any other office; that suffrage be extended to women; that the state bond issue limitation be raised to provide more money for good roads; that the grand jury be abolished, and that the people be permitted to vote on the question of license or no license for saloons.

United States Marshal H. D. Davis, of Cleveland, today, Friday, tendered Attorney General Hogan a check for \$900 to reimburse the state for personal expenses charged by him during the two years he filled the office of state fire marshal. These expenses were for board bills in Columbus and for railroad fare between Columbus and Cleveland, and for sums expended in attending political conventions. Acting under a ruling of former Attorney General John M. Sheets, who advised state officials that they could charge up their living and traveling expenses, Mr. Davis, as fire marshal, collected money from the state to reimburse himself for amounts paid out for such purposes. Attorney General Hogan ruled that such expenses could not be legitimately charged to the state, and he called upon a number of state officials, including Mr. Davis, to pay back what they drew for such purposes. Mr. Davis contended that he had a right to collect this money, and time and again he refused the attorney general's demand for the return of it. Recently suit was brought by General Hogan in the Franklin county common pleas court to compel Mr. Davis to pay to the state what he had drawn from it for his personal expenses. Thursday

EVERYONE NEEDS IT

The Pure Drug Co. is Having a Wonderful Sale of Thompson's Barosma, the Mighty Kidney and Liver Specific.

And no wonder, when he offers to refund your money if it doesn't cure any disease of the kidneys, liver or bladder, backache, sideache, nervousness or any weakness of the kidneys.

But Thompson's Barosma has made so many almost miraculous cures that The Pure Drug Co. is pretty certain not to have any returns.

Here are a few instances: Frank K. Sturges, Sturtevant, Crawford county, Pa., was cured of Bright's disease six years ago and only took six bottles. He has had no bad symptoms since.

"I had kidney trouble and enlargement of the liver and spleen. I took Thompson's Barosma. The first bottle reduced the measurement around my stomach from 45 to 36 inches, and several bottles completely cured me."—M. S. Langworthy, Tyroneville, Pa.

After suffering the terrible agony of rheumatism for ten years, being compelled to use crutches, J. N. Dunn, Troy Center, Pa., after all hope had left him, and he had no faith in any remedy, took six bottles of Thompson's Barosma, threw away his crutches and went to work for the first time in ten years.

These statements are absolutely true, and the Thompson Medical Co., Titusville, Pa., will prove it. Then why should anyone suffer in the face of such facts? How can they suffer when The Pure Drug Co. guarantees to refund the money if a cure is not effected? Thompson's Barosma, 60 cents and \$1.00 a bottle. All druggists.

Crisco Marble Cake

LIGHT PART

1 1/2 cups sugar
3/4 cup milk
1/2 teaspoon soda
1/2 cup Crisco, add salt
1 teaspoon Cream of Tartar
4 eggs (whites only)
2 1/2 cups flour
1 teaspoon vanilla

DARK PART

1 cup brown sugar
3/4 cup Crisco, add salt
1/2 cup molasses
3/4 cup sour milk
2 1/2 cups flour
1/2 teaspoon Cream of Tartar
1/2 teaspoon Soda
4 eggs (yolks only)
1 teaspoon cinnamon; 1/2 teaspoon of allspice, cloves and nutmeg

A shortening richer than butter! You will think that such a thing is impossible until you use Crisco where you now use butter, as for example in Marble Cake, which requires a cup of butter.

The best creamery butter which you can secure is nearly one-fifth water, while Crisco is all shortening. There is no moisture to dry out and Marble Cake, made with Crisco may be kept longer without loss of its original delicate flavor.

If you will use this recipe for Crisco Marble Cake, you will find that Crisco makes the white part equal to angel food in whiteness and gives both the light and dark parts a fine, soft texture and a richer flavor than you have ever been able to secure before. You will find that it gives actually better results than butter at half the cost.

Order a package of Crisco from your grocer and try it in this recipe for Crisco Marble Cake.

For idle hands to do. Temptations are signals along the track. Don't run by the signals. Get busy with something else and crowd the temptation from your mind with other things.

5. Finally seek the help of Christ. He is the specialist in overcoming temptation, and he is ready to help. Follow his example. He prayed when tempted. He used His Bible. When you "are tempted and tried by your foes. He is the one who will help you. Somebody knows, "His Jesus."

But it takes heroism to do all this. It is harder to do than to say. But persistent work will win. Keep it. No matter how many times you fall, never give up. One of the Greek plays tells of a sailor finding a grave one day on a desolate coast of Africa, and a slash over it with this inscription: "A shipwrecked sailor, buried on this coast."

Did you set sail; Many a gallant ship the day that we were lost Weathered the gale."

Warnie Is Improving

Master Warnie, son of Mr. and Mrs. Wilbur Barringer, is improving nicely. The youngster's case was baffling to physicians, he showing all indications of diphtheria, but getting better when relieved of a bean which it is supposed had lodged in his throat.

Whether the bean caused part of the trouble or it was all diphtheria, the parents and their many friends don't care—the boy is getting well and that is the big thing.

4. Keep busy. Satan has work for you. Never let an exception occur. Rip Van Winkle used to say every time he yielded to his temptation, "We won't count this time." But it was counted. It registered itself on his brain, and was used against him when the temptation came again. Each victory will help you, another to win.

2. Resolve never to yield. Launch yourself against that temptation with all your powers. Tell your friends of your decision, sign a pledge, get away from old friends and old surroundings, if necessary. Do everything to strengthen your resolution.

1. First of all, keep away from them. It is a false idea that the way to get strong is to run into temptation. Jesus knew what He was talking of when He bade us pray, "Lead us not into temptation." You don't have to have a reason to help you to overcome the temptation. Not a bit of it.

Richard P. Seiler, Chillicothe street music man, was made the defendant in an action for damages filed in common pleas court Friday by Attorney G. M. Osborn in behalf of Sherman G. Miller.

The plaintiff recited in his petition that in 1905 he bought of the defendant an electric piano, giving him notes, thirty-eight in number, aggregating \$150, and a mortgage on the piano to secure the notes.

The plaintiff alleges that instead of the instrument being in first class condition as warranted at the time of its delivery to him, it was badly worn out and damaged, and in a condition to make the satisfactory operation and permanent repair impossible, which fact it is claimed the defendant well knew.

Miller paid the first eight notes, then upon learning that the piano was worn out, he says, refused to pay the remaining ones and notified the defendant to remove the instrument and demanding the surrender of the notes. In the meantime the notes were endorsed over to the Cincinnati Discount Company, which later brought suit and obtained a judgment in the local common pleas court, which was paid by Miller on November 20, 1911.

Now Miller charges that not only were the representations made relative to the piano by the defendant false and fraudulent, but that he failed and refused to keep his agreement, and by reason of such claims he has been damaged in the sum of \$600.

THEATRICAL

At The Sun

There is a family of clever Japs at the Sun theatre for the last half, which is alone worth the price of admission. They perform intrepid feats in rapid confusion, the work being high-class. One of them makes a slide for a rope extending from the gallery to the stage, and then slides down it at terrific speed. It is a daring trick and is well worth seeing. The Japs are known as the Yokohama Family and have been here several times.

Next on the bill is Miss Edith Astor, a sweet and demure miss, who sings splendidly and makes three becoming changes. Her voice is good and likewise her selections. Prince and Virginia have a Dutch team act that gets over because they both have good voices. They have a great line of rapid fire talk.

Eddie Riley, a soft shoe dancer and imitator, opens the bill rather modestly, but he gets much applause. It is a nicely balanced bill and is deserving of good patronage.

NERVOUSNESS

This Man Given Up by Doctors Took Dr. Williams' Pink Pills and Was Cured.

Mr. Elmer K. Warwick, a foundryman, of No. 108 Ash street, Albion, Mich., says:

"I had an attack of the grip which left me in a very weakened condition. Soon after my legs began to have numb spells and darting pains went through them. Little by little I lost the use of both legs. I had to lie in bed for four or five weeks. For a year I was out of work because I was unable to get around. I had a doctor from Detroit look me over and he said there was no show for me; another doctor said that it was only a question of time when I would die. I kept on getting worse. My stomach and digestion seemed affected by the paralysis. I could keep nothing on my stomach except raw eggs. I was extremely emaciated and a nervous wreck. I read about Dr. Williams' Pink Pills for Pale People in a paper and took them for six months because I saw that I was improving after I had used the first box. At the end of that time I was entirely cured of paralysis and my general system was restored to a healthy condition. I don't know how many boxes of the pills I used but I do not begrudge the outlay as it was much smaller than the other treatments. I have never had any recurrence of the paralysis and am now in good health. I owe my life and health to the painstaking and long-continued use of Dr. Williams' Pink Pills for Pale People. I believe they are the best remedy for paralysis."

There is absolutely no way of reaching the nerves with medicine except through the blood. The nerves receive all of their nourishment and support from the blood, which under beautiful conditions, carries the elements needed to rebuild wasted nervous tissue.

Every person who is interested in the home treatment of nervous disorders should send for a new edition of our free booklet entitled, "Diseases of the Nervous System."

Dr. Williams' Pink Pills contain no harmful or habit-forming drugs, and the sufferer who gives them a trial will avoid the danger so common in taking drugs which only deepen the pain.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

Go Right Ahead In Plans For New Line

Cincinnati, O., Jan. 19.—It was learned in Cincinnati yesterday that B. F. Howland of New York is slated for the presidency of the proposed Lake Erie & Ohio River railroad, which it is planned to build from a point near Sandusky, O., through Wellston to the Ohio river at Portsmouth. E. B. Bingham of Toledo is slated for vice-president. J. M. Partridge of Wellston will be secretary of the company and C. M. Butterfield of New York will be treasurer. Howland, in addition to being president, will also be general manager of the road and Bingham will be chief counsel in addition to being vice-president.

During the past few days conferences of the promoters of the enterprise have been held in Wellston, O.

Howland and Bingham, with Edward Smith of London, England, representative of a British syndicate that is lending the project financial backing; Mr. Butterfield and Ralph C. Lupton of Wilmington, Del., will constitute the board of directors, and Howland, Bingham and Partridge the executive committee.

The International Mining and Manufacturing company is the name that will be given an organization assembled for the purpose of developing valuable coal lands through which the proposed road will be built. Mr. Bingham will be president, general manager and counsel; Mr. Howland, vice president; Mr. Partridge, secretary, and W. B. Cherrington of Wellston, treasurer.

Messrs. Bingham, Partridge, Howland, Smith and Lupton will constitute the board of directors, and Messrs. Bingham, Howland and Partridge the executive committee.

The mining and manufacturing company will be incorporated with a capital stock of \$25,000.

Scott was arrested one night last week for carrying concealed weapons and was fined \$50 and costs which he was unable to pay.

Surest Way To Break A Cold

You will certainly feel your cold breaking and all the Grippe symptoms leaving after taking the very first dose.

It is a positive fact that Pope's Cold Compound, taken every two hours, until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach or limbs. It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges. Pope's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe. Take this harmless compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pope's Cold Compound, which any druggist in the world can supply.

The Lucasville Rural-Gazette says: "The heating plant at the new schoolhouse has been put in and has withstood all tests; the seats are being placed and the other Anderson Bros' department store work of completing the building of Portsmouth, and ready for use is going forward at Crawford, of Portsmouth, and Her rate that seems to justify setting C. B. Pyle, of Lancaster. Other speakers may be added to the list if they find they have open engagements for that day.

"It is also a part of the arrangement to have as many of the alumni present as possible. The morning hours will be observed as a homecoming, and the Agricultural Extension Department of Ohio State University, after the noon hour."

NOVEL MACHINE IS PUT IN BY STOVE COMPANY

The Portsmouth Stove and Range Company has installed a new machine at its big plant that is quite a novelty. The machine is a so-called sand cutter, preparing in heaps the sand for moulds, work which in the old way is done by men with shovels and frequently under difficulties particularly during cold weather.

The machine operates not unlike a lawn mower save that it moves on its own power, is equipped with large blades and when astride the rows of sand and moving back and forth, reminds one of the action of a lawnmower. It has a five-horse-power motor and is attached to a flexible cable that reels up. The machine cost five thousand dollars, and is manufactured by a company backed by McNamee, the Greenfield, Ohio, millionaire horse collar manufacturer.

The idea of a sand cutting machine is believed to have first originated with an old Scioto county boy, Jordan Stockham, of Wait's Station. He was picked up by Frank Knauss and given employment as a moulder at the East End plant years ago. After going to Piqua he invented a sand cutting device, but after making and selling several machines, gave up the venture. Stockham's ideas were grasped and improved upon by others. Stockham later went to Utah and became a Mormon elder.

Dr. Pierce's Favorite Prescription

Is no "cure-all" humbug, but is made for just one purpose—to cure the weaknesses, painful disorders and irregularities of the womanly organism. It is

THE ONE REMEDY for these ailments, sold by druggists, devised and gotten up by a regularly graduated physician of vast experience in treating woman's peculiar diseases and is carefully adapted to work in harmony with her delicate organization, by an experienced and skilled specialist in her maladies.

THE ONE REMEDY for woman's ailments, sold by druggists, which contains neither alcohol (which to most women is the rankest poison) or other injurious or habit-forming drugs.

THE ONE REMEDY for women, the composition of which is so perfect and good that its makers are not afraid to print its every ingredient, in plain English on its outside bottle-wrapper, and attest the correctness of the same under oath—thus taking its users into their full confidence, and warranting physicians in prescribing it in their worst cases, which they do very largely.

It is foolish as well as dangerous to take medicine the composition of which you know nothing. Therefore, don't let a dishonest druggist prevail on you to accept a secret nostrum for this professionally approved medicine of known composition. Every ingredient in its make-up has the strongest endorsement of the leading medical men of all the several schools of practice. Send postal card request for free booklet of same.

Every woman may write fully and confidentially to Dr. R. V. Pierce, Buffalo, N. Y., and may be sure that her case will receive careful, conscientious, confidential consideration, and that the best medical advice in the world will be given to her, absolutely free.

In addition to this free advice, Dr. Pierce will send a fine French cloth-bound copy of his great 1000-page book, "The Common Sense Medical Adviser," to any woman who will send 31 one-cent stamps to pay the cost of mailing only.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. They work in harmony with "Favorite Prescription" when needed as a gentle laxative. Sugar-coated, tiny granules, easy to take as candy.

CIRCUIT COURT HOLDING FORTH AT VANCEBURG

Vanceburg, Ky., Jan. 19.—Judge Halbert occasioned much surprise Tuesday morning when he announced he would commence another trial of the Flinders case next Monday and ordered the Sheriff to summon 40 jurors from Greenup county. This is a very unusual proceeding to try any case twice at the same time of court and it is the first time it was ever done in the Lewis Circuit court as far as we are able to learn.

Flinders is the former town marshal, who shot and killed a man he was attempting to arrest. At the trial last closed the jury stood 5 to 4 for conviction.

Fred Waddell, colored, charged with the murder of Arthur Eubanks, colored, at Ireland's railroad camp below town on the 25th day of last October, plead guilty to voluntary manslaughter. Judge Halbert sent him to the penitentiary.

The grand jury adjourned Saturday after finding 13 indictments.

S.S.S. THE REMEDY FOR SORES AND ULCERS

The combination of healthful vegetable ingredients of which S. S. S. is composed, makes it an especially desirable and effective remedy in the treatment of sores and ulcers of every kind. Since an impure condition of the blood is responsible for the trouble, a medicine that can purify the blood is the only hope of a successful cure; and it should be a medicine that not only cleanses the circulation, but one that at the same time restores the blood to its normal, rich, nutritive condition. S. S. S. is just such a remedy. It is made entirely of healing, cleansing vegetable properties, extracted from nature's roots, herbs and barks of the forest and fields. It has long been recognized as the greatest of all blood purifiers, possessing the qualities necessary to remove every impurity in the blood. When S. S. S. has purified the circulation, and strengthened and enriched it, sores and ulcers heal readily and surely, because they are no longer fed and kept open by a continual discharge into them of irritating disease-laden matter from the blood. S. S. S. brings about a healthy condition of the flesh by supplying it with rich, cleansing blood and makes a permanent and lasting cure. Book on Sores and Ulcers and any medical advice mailed free to all who write.

Are Against Annexation

Squire J. N. Brickey was busy Friday circulating the petitions protesting against the annexation to South Portsmouth. The petitions were circulated through the lower end of Riverview and the upper end of South Portsmouth, and were signed by 99 per cent of the citizens who are protesting against the annexation, says the Squire.

The petitions will be sent to Greenup today, where they will be filed and a summons will be made on the Mayor of South Portsmouth to appear before Judge Halbert in Greenup the second day of the February term of court.

INSISTS HE IS A WEATHER PROPHET

The recent snow ball stunt of Carpenter Charley Hagerman has brought him into disfavor as a weather prognosticator. Because he succeeded in burning a hole clear through a snow ball with a lighted candle Charley predicted the snow would go off with sunshine. The jovial German still insists he was right, finding refuge behind the statement that he meant his forecast held good for a few days and could not be expected to cover a period of two weeks.

THERE WAS GLORY ENOUGH FOR ALL

Editor of the Times:—I noticed by your paper yesterday that the boys of the Commercial school were defeated by the Seventh and Eighth grades of the same school. I was an onlooker and will say that if any side was defeated it was the grades, as they were driven back repeatedly and had no chance, or at least not as much chance as did the Commercial boys. And besides, half of the Seventh and Eighth grades were hiding behind the school building. It would have been no disgrace should the Commercial boys have been defeated, for they had to go into the conflict with only one-third as many boys as the grades. As it was the Commercial boys were covered with glory.

It was a mistake to say that there were black eyes at St. Mary's because of the snow con- flict yesterday noon. The fact is that no one felt even hurt over it, as everything was done fairly and squarely, and both sides held out so well that up to the time of opening the afternoon session both sides claimed the victory. Everybody who saw the conflict pronounced it an enjoyable affair.

Very truly,
A. SPECTATOR.

A Telegram Tells Of Lally Brown's Death

Mr. D. A. Grimes of the Musons received a telegram today announcing the death of Lally Brown, the oldest son of Mr. and Mrs. Thomas E. Brown, former residents of this city, who have been residents of Duluth for many years.

The telegram stated that the remains would arrive here on the midnight train tonight. The Browns are preparing to take the body to Duluth for interment.

Mr. Brown was about 45 years of age. He never married and it is said that he had been suffering with tuberculosis for some time. Friends here state that he had been in Denver for his health for some time but it is not known where he died.

He is survived by his mother, three brothers, Paul, Will and Morris and two sisters, Mrs. Fannie Jamison and Miss Nell Brown at home.

The family moved away from this city about 20 years ago. Mr. Thomas Brown was a prominent resident here, and for a number

of years was in business on the corner of Jefferson and Front streets, which was known as "Big Iron Corner."

CROWD HEARS REV. MEACHAM

The First Christian church was filled to overflowing, Thursday evening, when Rev. E. J. Meacham of Cincinnati, former pastor of the church, delivered a forceful sermon on "Faith and Doctrine." The sermon was along evangelistic lines and while there were no accessions to the church, the sermon had a telling effect.

Rev. Meacham is held in the highest esteem and regard by his former parishioners and they were out in full force to give him the hearty welcome that he so richly deserved. Rev. Meacham left early Friday morning for his home. From there he will go to Toronto, Canada, where he will hold a Sunday school institute. As soon as the session closes he will go South, where he will participate in a big Sunday school convention.

At the conclusion of Rev. Meacham's address, Rev. Brooks announced that Rev. Charles Reinhardt would speak at the church this evening. No doubt a large crowd will be out to hear Rev. Reinhardt, who is one of the most promising pulpits orators in this section.

REPORTS SHOW FEES DUE

Pursuant to Sec. 2979 of the General Code, the various county officers are filing with Prosecuting Attorney Small, their first annual report under the act, showing the amount of fees due their respective offices from each person or corporation which has remained due and unpaid for more than a year prior to Jan. 1, 1911.

The act provides that it shall be the duty of the prosecuting attorney to immediately proceed to collect all such fees certified by any means provided by law and to pay the amount so collected into the county treasury to the credit of the general county fund. The act stipulates that the auditor shall not issue his warrant to either of the officers for salary for the month of January in any year, until such report has been properly filed, hence the rush of getting in the reports just now.

The report of Clerk McElhinney goes back five years and comprises 150 cases. The amounts due run from 16 cents up to \$14.51.

Deputy Clerk H. B. Adams is of the opinion that Scioto county will show the least amount of unpaid fees of any county in the state.

WILL MEET AT BIGELOW
